Emails with the same information as this form will be accepted.

All proxy forms must be in the hands of the society's secretary 24 hours before the start of the meeting. To ensure mailed proxies are received in time, please post them by close of business, Friday, 25 February 2011.

Since committee nominations remain open until the moment of voting, specific instructions about election votes are likely to become invalid without your knowledge, so in the interests of fairness they will not be accepted. If you wish to give an 'as seen fit' proxy for the committee election, you will need to choose one of the first two options and add the words 'for the committee election only', as well as completing the third option.
